## Position Responsibilities

- Ability to work in a safe manner and comply with all policies and regulations.
- Possess good troubleshooting skills with the ability to repair electrical problems occurring during manufacturing processes.
- Work effectively and safely in a production environment, being flexible and completing deadlines on a short notice.
- Must be a positive, proactive self-starter who works equally well alone as well as with others. Must have a desire to continually improve professionally and have a willingness to apply ones knowledge and skills to the betterment of the operating unit.
- Work in any electrical related activity – for example conduit bracket fabrication, installing conduit, pulling wire, general troubleshooting.
- Communicate issues on a daily basis to the maintenance superintendent, operations supervisor and other maintenance personnel.
- Write, update, and complete work orders as needed.
- Able to learn new technology as it is introduced on the plant site and be able to transfer the knowledge to others, including supervision, production and maintenance personnel.
- Must be familiar with instrument calibration.
- Must be familiar with computer hardware and software.
- Follow and promote plant site electrical and process control standards.
- Wear/use a variety of personal protective and safety equipment per company standards.
- Familiar with reading 3-view working drawings and schematics.

## Environmental Conditions

- Work takes place inside and outside buildings during all weather conditions, therefore variable temperatures occur.
- Environment is typically dusty while working on the equipment due to wood fiber.
- Areas exist where floor surfaces are uneven.
- Ability to access equipment includes stairs, elevated catwalks, ladders, and powered man lifts. Access may also include climbing over equipment.
- Able to work in tight/cramped spaces and confined space environments.

## Wage

Earn up to **\$30.25** per hour through our journeyman training program + applicable shift differential.

## Job Closing Date

Open Until Filled
