

Position Title**Electrician****Position Location**

Collins Pine Company, Lakeview, Oregon

Position Description

This position maintains repairs, modifies and installs electrical/instrument/computer systems in a wood products manufacturing facility to ensure optimal operations and product flow. Eligible candidates must successfully complete a pre-employment criminal history check and pre-employment drug screening.

Position Responsibilities

- Ability to work in a safe manner and comply with all policies and regulations.
- Possess good troubleshooting skills with the ability to repair electrical problems occurring during manufacturing processes.
- Work effectively and safely in a production environment, being flexible and completing deadlines on a short notice.
- Must be a positive, proactive self-starter who works equally well alone as well as with others.
- Must have a desire to continually improve professionally and have a willingness to apply ones knowledge and skills to the betterment of the operating unit.
- Work in any electrical related activity – for example conduit bracket fabrication, installing conduit, pulling wire, general troubleshooting.
- Communicate issues on a daily basis to the maintenance superintendent, operations supervisor and other maintenance personnel.
- Write, update, and complete work orders as needed.
- Able to learn new technology as it is introduced on the plant site and be able to transfer the knowledge to others, including supervision, production and maintenance personnel.
- Must be familiar with instrument calibration.
- Must be familiar with computer hardware and software.
- Follow and promote plant site electrical and process control standards.
- Wear/use a variety of personal protective and safety equipment per company standards.
- Familiar with reading 3-view working drawings and schematics.

Position Requirements

- Possess a current Oregon State Manufacturing Electrical license.
- Communicate effectively with co-workers, supervisors, vendors and contract personnel.
- Ability to treat others with dignity and respect in a variety of settings.
- Perform follow up and inspect completed work orders when applicable.
- Proactively support innovation and change.
- Demonstrated proficiency in verbal and written communications.
- Demonstrated ability to work independently.
- Proficient in computer skills.
- Excellent listening skills.
- Possess the ability to lead problem-solving work sessions if asked.
- Must pass drug screen and criminal background check.
- Willing to work any shift, some of which require weekend work.
- Must possess working knowledge of relay logic, PLC's, instrumentation and computers.
- Ability to read and apply electrical schematics and equipment manuals.

Position Requirements

- Must provide own basic tools to perform routine electrical activities.
- Must be able to perform basic arithmetic
- Must be able to speak, read, and understand English.
- This position may require periodic travel for the following purposes:
 - *To assist other Collins facilities when needed.*
