

TRUWOOD CHANNEL RUSTIC™ LAP SIDING

FEATURES/BENEFITS

Quality engineered surface and core:

TruWood Siding is designed specifically to eliminate splitting, cracking and checking. It is also free of knots, resulting in a more attractive finished project.

Pre-primed for improved weather-ability:

TruWood Siding is primed to provide a consistent surface ready to accept paint. TruWood's industry leading coating technology ensures uniformly primed boards for added weather protection while providing an excellent surface for exterior topcoats.

16' lengths: Cut for optimal versatility, the 16' lengths result in less cutting and less waste. The 1/2" thickness produces a solid panel.

Self-aligning design: Comes with a self-aligning feature that makes it easier to install. It goes up fast, saving labor costs

Best protective packaging available:

TruWood protects your investment with premium packaging that reduces damage and provides for easy handling.

Trained field representatives: TruWood reps provide technical support and jobsite application training.

Complete line of accessories: Lap joint connectors and corners are available for all your project needs.

30-year limited warranty: TruWood Siding offers the best warranty in the industry and it's fully transferable. See complete warranty for details.

Availability: Field inventories are available through a convenient local distribution network to ensure siding is delivered where and when you need it.

Trim: Use matching reversible TruWood Trim to finish around windows, doors and corners.

Fast installation: This easy to install lap siding applies 60% faster than cement or vinyl sidings.

Green matters:

- Recycled content is 3rd party certified by Scientific Certification Systems (SCS)
- No UF resin
- Maximum fiber utilization and recovery
- TruWood Sidings available with FSC certification

TruWood® SIDING

DESCRIPTION

TruWood Channel Rustic™ 1/2" Lap Siding is designed to look like traditional lumber siding without the splits, cracks and checks. It may be applied conventionally or in a diagonal design for a contemporary look. The Old Mill® cedar grain texture and bold lines of this popular siding are perfect for a variety of home styles.

TruWood Siding combines competitive price and high quality to set a new industry standard for value. Expert craftsmanship and proven performance make TruWood Siding an excellent choice for today's quality and value conscious builders.

USES

TruWood Siding is designed for use in residential single-family and multi-family housing and adds style to remodeling and light commercial projects. Whether you are a professional builder or a do-it-yourselfer, TruWood Siding delivers style and impact to all your outside building projects.
